

Fiona Sheppard, ARB

Fiona is an experienced architect and a member of Spatial Affairs Bureau's UK team, with expertise in housing, historic buildings and arts projects. Fiona was part of Peter's team on the VMFA project from 2001-2006, working together for Rick Mather Architects in both London and Richmond, VA. She subsequently spent 8 years working for Peter Barber Architects in London, as project architect on a wide variety of critically acclaimed housing and refurbishment projects. She left her associate director role in 2014 to set up her own practice and has recently joined forces with Spatial Affairs Bureau, as part of their UK team. Fiona has a strong design background and a vision for creating beautiful, functional spaces which respond to brief and client expectations in imaginative, practical and sensitive ways.
